

**TECHNICAL DOCUMENTATION – TABLE OF CONTENTS**

**RISK ANALYSIS AND PRODUCT REQUIREMENTS.....**

*Risk Analysis.....*  
Regulatory Monitoring.....  
Evaluation of Applicability.....  
Regulatory Risk Assessment.....  
*Product Requirements.....*

**CONFORMITY ASSESSMENT.....**

*Conformity Assessment Activities.....*  
Component Assessment.....  
Product Assessment.....

**TECHNICAL DOCUMENTATION.....**

*General Description of the Product.....*  
*Documents for Components.....*  
Tasks to be Undertaken by the Manufacturer.....  
Determine the Information Needed.....  
Collecting Information.....  
Evaluation of Information.....  
Review of the Technical Documentation.....  
*Information showing the Relationship Between the Documents and the Corresponding Components of the Product.....*  
*List of Harmonized Standards and Technical Specifications.....*

**DECLARATION OF CONFORMITY (DOC).....**

*Creation of a DoC.....*  
*Updating a DoC.....*

**INSTRUCTION AND SAFETY INFORMATION.....**

**TRACEABILITY REQUIREMENTS.....**

*Archiving.....*  
*Product Identification.....*  
*Non-Conformity and Recalls.....*  
*Economic Operators.....*
